Applicant

MYKROLIS CORPORATION

1. The applicant is hereby notified that this International Preliminary Examining Authority transmits herewith the international preliminary examination report and its annexes, if any, established on the international application.
2. A copy of the report and its annexes, if any, is being transmitted to the International Bureau for communication to all the elected Offices.
3. Where required by any of the elected Offices, the International Bureau will prepare an English translation of the report (but not of any annexes) and will transmit such translation to those Offices.
4. **REMINDER**

The applicant must enter the national phase before each elected Office by performing certain acts (filing translations and paying national fees) within 30 months from the priority date (or later in some Offices)(Article 39(1))(see also the reminder sent by the International Bureau with Form PCT/IB/301).

Where a translation of the international application must be furnished to an elected Office, that translation must contain a translation of any annexes to the international preliminary examination report. It is the applicant's responsibility to prepare and furnish such translation directly to each elected Office concerned.

For further details on the applicable time limits and requirements of the elected Offices, see Volume II of the PCT Applicant's Guide.

**2. CITATIONS AND EXPLANATIONS**

Claims 1-16 the criteria set out in PCT Article 33(2)-(3), because the prior art does not teach or fairly suggest: the limitation of the fluid passageway having an outside surface including two substantially parallel flat surfaces as recited in claims 1 and 16;

claims 2-3 depend from claim 1 and meet the criteria set out in PCT Article 33(2)-(3) for the same reasons as claim 1; the limitation of the key being secured to two substantially parallel surfaces on an outer surface of a fluid passageway formed in the filter cartridge, the key having two attachment elements attached to the bowl as recited in instant claim 4;

claims 5-10 depend from claim 4 and meet the criteria set out in PCT Article 33(2)-(3) for the same reasons as claim 4; the steps of providing the second set of filter bowls with a key having at least two flanges which fit into the at two slots formed on a the second inner surface of the second set of filter bowls, the key being removable from the second set of filter bowls as recited in claim 11;

claims 12-15 depend from claim 11 and meet the criteria set out in PCT Article 33(2)-(3) for the same reasons as claim 11.

Claims 1-16 meet the criteria set out in PCT Article 33(4), and thus have industrial applicability because the subject matter claimed can be made or used in industry.
